

- Flexxy dubbelbur montering Svenska2-26
- Flexxy kaksinkertainen häkkikiinnitys-asennus Suomi.....2-26
- Flexxy double cage mounting English27-52
- Flexxy doppelkäfig montage Deutsch27-52

Innan du börjar:

1. Vid montering av Dubbelbur bör ni vara 2 personer
2. Montera på plant underlag och använd exempelvis en filt för att både skydda golvet och buren
3. Viktigt att inte dra åt skruvarna i början utan att det blir en efterdragning/åtdragning när buren är färdigmonterad **(se sida 14)**
4. Vid montering av bur med tröskel är det viktigt att spara skruv x4 och bricka x4 för eventuell användning i framtiden **(se sida 21)**

Ennen kuin aloitat:

1. häkkien asennuksessa tarvitaan kaksi henkilöä.
2. Kasaa häkki tasaisella alustalla ja jonkin pehmusteen päällä suojellaksesi häkkiä ja alustaa.
3. On tärkeää ettet kiristä ruuveja loppuun asti ennen kuin häkki on kokonaan kasattu **(ks. sivu 14)**
4. Kun asennat häkkiä jossa on kynnyks, säästä 2 ruuvia ja mutteria mahdollista tulevaa käyttöä varten **(ks. sivu 21)**

Version 1, 2021-11-18

Med kommer:
Insexnyckel x2
Spännremmar x4

Mukana paketissa:
Kuusiokulma-
avain x 2
Kiristysliina x 4

Verktyg vid montering:
Tång, Stjärnmejsel & hammare.
Asennuksessa tarvittavat työkalut: Pihdit
ja tähtipäämeisseli sekä vasaran.

1.

OBS!!

Dra ej åt skruvarna helt, efterdragning/åtdragning sker på ALLA skruvar när buren är färdigmonterad

OBS!! Älä kiristä ruuveja loppuun asti, kiristä ruuvit vasta kun häkki on kokonaan kasattu.

2.

**Dra ej åt skruvarna helt,
efterdragning/åtdragning sker på ALLA
skruvar när buren är färdigmonterad**

**Älä kiristä ruuveja loppuun asti
ennenkuin häkki on kokonaan kasattu.**

(Korta skruvar)
(Lyhyet ruuvit)

3.

**Dra ej åt skruvarna helt,
efterdragning/åtdragning sker på ALLA
skruvar när buren är färdigmonterad**

**Älä kiristä ruuveja loppuun asti ennen
kuin häkki on kokonaan kasattu.**

(Korta skruvar)
(Lyhyet ruuvit)

4.

**Dra ej åt skruvarna helt,
efterdragning/åtdragning sker på ALLA
skruvar när buren är färdigmonterad.**

Rikta in dörrarna, kontrollera att underplåten är mot botten och dra åt

**Älä kiristä ruuveja loppuun asti ennen kuin häkki on kokonaan
kasattu.**

Kohdista ovet, tarkista että alapelti on pohjaa vasten ja vedä.

5.

**Dra ej åt skruvarna helt, efterdragning/
åtdragning sker på ALLA skruvar när buren
är färdigmonterad**

**Älä kiristä ruuveja loppuun asti ennen kuin
häkki on kokonaan kasattu.**

(Korta skruvar)
(Lyhyet ruuvit)

6.

**Dra ej åt skruvarna helt,
efterdragning/åtdragning sker på ALLA
skruvar när buren är färdigmonterad**

22b.

SPÄNNREMMAR TENSIONERS

Fästa buren i bilen

Kiinnitä häkki autoon

23.

I två av dessa hål placeras spännremmarna, finns 4st alternativ att spänna fast buren i (ett alternativ i varje hörn)

KIINNITYSLIINAT

Kiinnitä häkki autoon

Kiinnitä kiinnityслиinat näihin kahteen reikään, sinulla on 4 vaihtoehtoa kiinnittää häkki (yksi jokaisessa kulmassa)

Lika stora burar efter montering

Tasaiset häkit asennuksen jälkeen

Nu kan du justera storleken på de två burarna

Voit nyt säätää kahden häkin kokoa

Välj läge på skruvarna för att få en mindre och en större bur
Valitse ruuvien asento saada pienempi ja isompi häkki

Before you begin:

1. When mounting the double cage, there should be two individuals
2. Mount on a level surface and use, for example a blanket to protect both the floor and the cage
3. It is important not to tighten the screws at the beginning. tightening /tightening when the cage is pre-assembled **(See page 40)**
4. When mounting a cage with a trashold, it is important that save screw x4 and washer x4for any future use **(see page 46)**

Bevor Sie beginnen:

1. Wenn Sie Doppel käftig montieren, sollten Sie zwei Personen sein.
2. Montieren Sie auf einer ebenen Fläche und verwenden Sie zum Beispiel eine Decke zum Schutz des Bodens und des Käfigs .
3. Es ist wichtig, die Schrauben am Anfang nicht festzuziehen. Ziehen Sie die Schrauben fest, wenn der Käfig fertig montiert ist.**(siehe Seite 40)**
4. Bei der Montage eines Käfigs mit Schwelle ist es wichtig, Schraube x4 und Unterlegscheibe x4 fuer eine spätere Verwendung aufzubewahren.
(siehe Seite 46)
