

LINEAR-6 ELITE

Quite simply the ultimate in low profile auxiliary LED lighting, providing unrivalled levels of light output, optimised for everyday road use, where either space is a limiting factor in regards any installation, or the preference is for a sleek, aerodynamic solution to get noticed more at night than during the day. The Linear-6 Elite utilises a combination of highly efficient 3W LEDs, the same as used in our 2018 WRC lighting solutions, which together deliver 4,050 lumens, and 1 lux to over 280m.
